

Questions raised on Antibiotics in UK Parliament – January 2017

Click on the links to view answers

Antibiotics: Drug Resistance

Department of Health written question – answered on 16th January 2017.

Kevin Hollinrake, Conservative, Thirsk and Malton

[To ask the Secretary of State for Health, if his Department will take steps to record on death certificates antibiotic resistant infection as the patient's cause of death.](#)

Kevin Hollinrake, Conservative, Thirsk and Malton

[To ask the Secretary of State for Health, if his Department will take steps to set up a National Antibiotic Register for recording all hospital and community patients who have an antibiotic resistant infection.](#)

Leaving the EU: Animal Welfare Standards in Farming

Backbench Business – in Westminster Hall at 4:49pm on 24th January 2017

Simon Hart, Conservative, Carmarthen West and South Pembrokeshire

[I come from a wet area of west Wales. Our dairy cows are largely indoors for half the year anyway, and they flourish and are sustained to a high welfare standard. I am not quite sure how my right hon. Friend's proposal would work for the wet winter months when cattle are actually healthier if they are kept indoors.](#)
